Hop Pellets - Type 90

Material Safety Data Sheet

Note

Hop pellets are not classified as dangerous products according to European Union legislation, and their use is as a food product in the brewing of beer. However, this safety data sheet is provided voluntarily according (as appropriate) to the principles of the Classification, Labelling and Packaging Regulations (Regulation (EC) No.1272/2008).

1. Product and Supplier I	nformation	
Name:	Hop Pellets –Type 90	
Synonyms:	PEL/PE 90, Kettle Pellets, Hop Pellets	
Supplier:	Aromatrix Flora Pvt. Ltd.	
	Plot No. 242, HPSIDC Industrial Area	
	Baddi, District Solan, Himachal Pradesh-173205	
Emergency Contact	Tel: +91-1795-244901 (9:00 – 6:00 pm IST; Mon-Sat);	
Details:	Fax:+91-1795-247300	
	Email: aromatrixflora@hotmail.com	
2. Hazard Identification		
Classification:	Not classified (Regulation (EC) No. 1272/2008)	
	Not classified (Directive 67/548/EEC)	
Label Elements:	N/A (not classified)	
Other Hazards:	Associated dust may be irritating to eyes, mouth and throat.	
3. Components/Composition		
The product consists entirely of pelleted hop cones of the cultivated hop plant Humulus		
lupulus. Many different varieties.		
Main ingredients:	Cellulose, hop resins and hop essential oils.	
4. Emergency and First Aid Procedures		
Description of First	<u>Inhalation</u> : Move to fresh air.	
Aid Methods:	Skin Contact: Brush off excess material and wash skin	
	thoroughly with soap and water.	
	Eye Contact: Flood the eye with plenty of water. If any	
	symptoms persist obtain medical attention.	
	Oral Ingestion: Drink large amounts of water to dilute.	
	Vomiting may occur but should not be induced. Obtain	
	medical attention if symptoms persist.

6. Accidental Release/Spill m	Wear appropriate protective clothing – see Section 8.
Personal protection:	
Environmental precautions:	Do not allow product to enter drains or water courses.
Methods for	Normal clean-up procedures as for any agricultural
Cleaning Up:	commodity.
7. Handling and Storage	
Precautions for	Avoid generating excessive dust. Avoid excessive contact
Safe Handling:	with product. Use appropriate protective clothing as indicated in Section 8. Wash hands after use.
Conditions for Safe Storage:	To guarantee quality avoid heat, moisture and strong odours during storage. Hop pellets should not be exposed to temperatures above 20 °C (68 °F) since it is possible that gases are formed from hop constituents. The resulting pressure increase may cause bursting of the foils. Consequently the raw hops will be exposed to air and oxidation resulting in a considerable deterioration of quality. Suitable storage containers are thick gauge laminated foil bags, stainless steel and lacquered mild steel. Best storage is in a cold (-2 to 4°C, 28 to 39 °F) dry area, protected from weather influences and foreign odours. Maximum moisture content should be 12%
Specific End Uses:	The substance is manufactured for use as a food ingredient and for such uses is not subject to registration via REACH (Regulation (EC) No.1907/2006). It should be used in accordance with applicable food legislation.

8. Exposure Controls/Perso	nal Protection
Control Parameters:	Not Applicable
Exposure	Engineering Controls: Provide adequate ventilation.
Controls:	Eye/Face Protection: If in danger of generating dust, wear
	goggles.
	Hand Protection: Gloves possible (not mandatory)
	Skin Protection: Gloves possible (not mandatory)
	Respiratory Protection: If in danger of generating dust, wear
	facemask.
9. Physical and Chemical Pr	operties
Appearance:	Pelleted powder; various shades of green
Odour:	Characteristic, typical hoppy, depends on variety
Odour Threshold:	No data available
pH:	No data available
Melting Point:	No data available
Boiling Point:	No data available
Flash Point:	No data available
Evaporation Rate:	No data available
Flammability:	No data available
Upper/Lower Flammability:	No data available
Vapour Pressure:	No data available
Vapour Density:	No data available
Density:	450 – 700 kg.m-3
Solubility in Water:	No data available
Partition Coefficient:	No data available
Autoignition Temperature:	No data available
Decomposition	No data available
Temperature:	
Viscosity at 20 °C:	No data available
Explosive properties:	No data available
Oxidising properties:	No data available
10. Stability and Reactivity	
Reactivity:	No reactivity hazards known
Chemical Stability:	Stable if stored in accordance with Section 7
Possibility of Hazardous	None known
Reactions:	
Conditions to Avoid:	See Section 7
Incompatible Materials:	None known

None known Hazardous Decomposition **Products:**

11. Toxicological Information

Hop pellets are generally recognized as safe (GRAS) in accordance with US FDA 21 CFR 170.30(c) and 170.3(f).

LD/LC50 values that are relevant for classification:

No toxicity data are available for the product itself.

Primary irritant effect:

On the skin: Not determined

On the eye: Eye irritation is possible after mechanical influence (dust).

Sensitization: No sensitizing effects known.

12. Ecological Information

Ecotoxical effects: Presently there are no ecotoxicological values available.

Aquatic toxicity: Water hazard class 1 (German Regulation) (Self-assessment): slightly hazardous for water. Do not allow undiluted product or large quantities of it to reach ground water, water course or sewage system.

13. Disposal Considerations	
Product disposal:	Dispose of in accordance with all applicable local and national
	regulations.
Container disposal:	Labels should not be removed from containers until they have
	been cleaned. Contaminated containers should not be treated
	as household waste. Containers should be cleaned using
	appropriate methods and then re-used or disposed of by
	landfill or incineration as appropriate.

14. Transport Information

Land:

ADR/RID class (cross-border): Not a hazardous good according to the regulation.

Domestic (D.O.T): Not a hazardous good according to the regulation.

Water:

IMDG Class: Not a hazardous good according to the regulation.

Marine pollutant: Not a hazardous good according to the regulation.

Air:

ICAO/IATA Class: Not a hazardous good according to the regulation.

15. Regulatory Information

Markings according to EC guidelines:

Observe the general safety regulations when handling chemicals. The product is not subject to identification regulations under EC Directives and the Ordinance on Hazardous Materials (GefStoffV).

National regulations

Water hazard class: Water hazard class 1 (Self-assessment): slightly hazardous for water.

16. Other Information

The information in this safety data sheet is believed to be correct but does not purport to be all-inclusive and shall be used only as a guide. The information in this document is based on our present knowledge and should be used only as a supplement to information already in your possession concerning this product. It does not represent any guarantee of the properties of the product. The determination of whether and under what condition the product should be used is yours to make. We do not accept any liability for loss, injury or damage that may result from its use.
